We're the travel company of choice for over 35,000 group leaders. We've been awarded the Feefo Gold Service award, an independent seal of excellence for delivering exceptional experiences, as rated by real customers.

With you every step of the way

Taking learning beyond the classroom is widely known to help young people build strong, positive relationships and independence, as well as improving academic achievement. A school trip often brings a sense of experience and enjoyment to learning, supporting the wider character development and resilience students need to deal with life's inevitable challenges.

At NST, we passionately believe in the importance of enriching educational experiences outside the classroom. That's why you won't find a wider choice of destinations, inspiring visits, educational guided tours, and hands-on workshops anywhere else. This year, we've also introduced our LIVE! student events led by industry professionals, giving students a bridge into the world beyond the classroom as they prepare to become work-ready.

When it comes to organising a school trip, we understand just how much time and energy it can take on top of teaching. What's more, many schools are not aware that when they arrange transport, accommodation, and other services directly themselves, they'll have all the responsibilities of a travel company - both legal and financial - under the new Package Travel & Linked Travel Arrangements Regulations 2018.

That's where NST can help. We're an LOtC accredited provider, giving you peace of mind that all the elements of your trip have been carefully checked on your behalf - a view supported by the DfE's recent recommendations on selecting a travel provider.

We're the travel company of choice for over 35,000 group leaders, but we know that what counts is the help and support that you receive. That's why we're committed to doing our absolute best to provide you with the experience and support that you need to match your requirements and budget and create a school trip that your students will remember long after they return to the classroom.

Business LIVE!

An immersive event to bring business studies to life for your students and fire their future career ambitions by showing them the many different paths a career in business could take at our Business LIVE! conferences.

Our LIVE! student event combines:

Expert speaker presentations

- hear how businesses operate in a range of different contexts, and how they respond to different business opportunities, problems and issues.

Q&A session

- interactive question and answer sessions offering invaluable career insight and advice.

Team park challenges at Disneyland® Paris

- encourage students to take a step back and critically appraise the resort as a business. These challenges provide opportunity for problem solving, decision making as well as seeing in action how the brand is promoted, loyalty encouraged and profits maximised.

Business LIVE! is suitable for KS4 & KS5 students - meeting exam board specifications for AQA, OCR, EDEXCEL, WJEC and SQA.
