

SCIENCE MOMENTS

Discover the science that surrounds us every day
with challenges to do as a class.

Where do we see science in our everyday lives?

Use your observation and questioning skills to explore how science shapes our everyday lives.

Search your classroom or backpack and find something...

- You use every day
- That helps you to solve a problem

Now, share with your partner and explain why you chose it.

 5-10 minutes

Can you make magic with milk?

In this activity, investigate how mixing milk changes the way it behaves.

Use your observation and questioning skills to discover how soap disrupts the surface tension of milk.

 20 minutes

Scan the QR code* to follow the steps in the video and make milk move without touching it!

The Science Museum Group has five museums across the UK: Science Museum, London; Science and Industry Museum, Manchester; Railway Museum, York; Science and Media Museum, Bradford; Locomotion, Shildon.
