About this policy

PLEASE NOTE: This is a travel insurance policy and not private medical insurance so there is no cover for any medical expenses incurred in private facilities if medically capable public facilities are available.

- The policy is a legal contract between **you** and **us** and is subject to the exclusive jurisdiction of the courts of your **home country**. **We** will settle all claims under the **home country's** law and all our correspondence with you will be in English.
- No alterations and/or additions to the printed terms and conditions of your policy are valid unless made in writing by us.
- The policy document comprises of separate sections that state what events you are covered for and any applicable limits, conditions and exclusions. - The policy is based on indemnity and will only respond to unexpected and unforeseeable events.
- Each **group member** is expected to take reasonable care of themselves and their possessions, and act as if uninsured at all times. **We** will not consider claims that have arisen due to reckless behaviour or feature inflated costs.
- You must supply us with all the documents and information **we** may reasonably need, and not pay or agree to pay costs that another party is seeking to claim from you that **we** have not authorised.
- **We** may take over and deal with, in your name, the defence/settlement of any claim made under the policy; and take proceedings in your name, but at **our** expense, against the responsible party to recover, for **our** benefit, the amount of any payment made under the policy.
- **We** will only pay a proportionate amount of the claim where there is other insurance in force covering the same risk and you will provide details of such other insurance.
- **We** will not pay medical costs in excess of customary and reasonable levels of charging.
- There is no cover under this policy if they travel to a country or specific area that the Foreign, Commonwealth & Development Office (FCDO) advice against all or all but essential travel to.

What you should do if out-patient treatment or treatment for a minor injury or illness is required

PLEASE NOTE: This is a travel insurance policy and not private medical insurance so there is no cover for any medical expenses incurred in private facilities if medically capable public facilities are available.

FOR A NON-URGENT MEDICAL SITUATION

If a group member has a medical problem, such as tonsillitis or an infected cut, where they don't need to attend hospital, but they do need some medication to treat a non-emergency situation, we have teamed up with **Medical Solutions UK Ltd**, who provide access to UK Registered Doctors who give medical support and assessment over the phone and are able to prescribe in many countries across the globe. This means you can quickly access support with minor ailments without disrupting your trip too much. You can access this facility free of charge by calling **+44 161 468 3793**

YOU CAN ALSO CALL 112 OR THE LOCAL EQUIVILANT OF 999

Customers should receive emergency medical treatment or management regardless of their ability to pay or any other consideration. A failure or refusal by a treating hospital or treating doctor to provide emergency treatment, management or care is a clear breach of an established duty of care.

OPTIMAL CARE

In our experience the access to the best doctors, diagnostics and optimal care in many areas of the world (particularly in Europe but also across many destinations worldwide) are limited to state facilities. They don't always look as nice, but we have experience of good clinical outcomes within a regulated environment without the risk of a patients' health being compromised over commercial interest, immoral and dangerous practices such as extortion, detainment and withdrawal of treatment you are unlikely to find occurring in state facilities. If you would like to know more about our approach to receiving the best medical care overseas and repatriation planning, please visit our website <https://philosophies.tifgroup.co.uk/>

IN THE EVENT THAT OUT-PATIENT TREATMENT IS RECEIVED DURING THE TRIP

In European Union Countries – if you present yourself at a public facility you are strongly advised to show your EHIC/GHIC.

In Australia – you are strongly advised to enrol for Medicare, and have it accepted.

Using these agreements in public facilities will mean that medical treatment will be free, or at a reduced cost, and your standard policy excess will be waived from any claim you may make. If you are unable to use the EHIC/GHIC, you will have to pay the medical facility and submit a claim when you get home, the policy excess will then be applied.

In Turkey, Cyprus, Egypt and Bulgaria – we utilise the services of Global Excel who can arrange for the bill to be paid directly. You simply fill in a Global Excel form in the medical facility to confirm the nature of the treatment received and pay your policy excess to the facility. They will then send the remaining bill directly to Global Excel for payment. More information can be found here www.globalexcel.com

Everywhere else in the World – if there is not suitable public facility that will treat you free of charge, you can pay the medical facility and retain all receipts so that you can make a claim when you get home.

USA Medical Costs: Medical providers in the USA routinely charge international patients many times higher than it costs them to provide service. As this policy covers customary and reasonable medical expenses, **we** will not pay excessive or inflated charges for your treatment, so it is important that you do not pay any medical providers up front, either at the time of your treatment or on your return to your **home country**. They may engage the services of collection agencies, but any correspondence should simply be sent on to **us**, unanswered. There is no lawful action that can be taken which **we** cannot step in and take over on your behalf.

PLEASE NOTE: If the costs are likely to exceed £500 or you are admitted to hospital, you should call us on **+44 (0) 203 829 6745**

WHAT TO DO IF YOU HAVE A MEDICAL EMERGENCY WHILE YOU ARE AWAY

PLEASE NOTE: This is a travel insurance policy and not private medical insurance so there is no cover for any medical expenses incurred in private facilities if medically capable public facilities are available.

IF YOU NEED MEDICAL ASSISTANCE WHEN YOU ARE AWAY YOU SHOULD CALL 112 OR THE LOCAL EQUIVALENT OF 999

Customers should receive emergency medical treatment or management regardless of their ability to pay or any other consideration. A failure or refusal by a treating hospital or treating doctor to provide emergency treatment, management or care is a clear breach of an established duty of care.

YOU SHOULD THEN CALL US ON +44 (0) 203 829 6745

Whilst the actual medical care a group member receives is in the hands of the local doctors treating them, we can obtain the medical information we need from them to establish what is wrong, as well as their treatment and discharge plans. We can support you and the group member in the event they are admitted to a facility that may not be suitable for their clinical needs or where there are concerns over practice.

We will then advise on, and can put in place, suitable repatriation plans to get the group member home as soon as it is medically safe to do so. We will liaise with the treating doctor to get a fit to fly certificate when needed, and with aero-medical experts who will advise on both the timing and method of repatriation that is best suited to the group member's individual needs and their recovery.

IT IS IMPORTANT THAT YOU ARE AWARE OF THE FOLLOWING:

Medical Treatment

- There is no cover for:
 - routine, non-emergency or elective treatment
 - or treatment that can wait until the group member's return home.
- Our doctors are not treating the group member; they are not responsible or in control of the clinical care received in a medical facility.
- In some instances, the group member may need to be moved from one local facility to another larger/more specialised facility, for treatment.
- Having travel insurance does not ensure a 'fast track' medical service from the treating facility, much like the NHS – emergency service rooms can be busy at certain times and so it is possible the group member may have to wait as they would in their local NHS hospital unless they require critical care.
- Once the group member is discharged from hospital this does not always mean they are fit to fly home – For example, if they were in the UK and suffered the same injury/illness, then they would not consider flying out on holiday so soon after surgery/treatment/incident.
- Some medical facilities will raise charges that are far in excess of customary and reasonable. We will deal with such bills directly and there is no need for you or the group member to pay them. You simply need to pass any correspondence about such bills to us to ensure we can provide full financial protection.

Repatriation (bringing you home)

- Coming home straight away is not always an option even if the group member is considered 'fit to fly' by the treating doctor.
- We have a medical team with experience in aviation medicine who will advise on both the timing and method of repatriation which is best suited to the individual's needs and their recovery.
- Most airlines require specific criteria to be met in order to accept a 'medical passenger'.
- Things change – if the group members health, stability or vitals change – then so do the plans.
- Availability of air ambulances, stretchers and appropriate medical escorts can be limited in specific areas and at different times of the year.
- Air Ambulances are 'flying intensive care units' and are only used to transport critical patients to a hospital in the UK, if treatment is not possible where they are.

Declaring existing medical conditions – when deposits are paid and for the duration of the policy

This policy might not cover claims arising from a group members existing health conditions, so either you or the group member needs to tell us of anything they know that is likely to affect our accepting them for cover.

Please Note: the existing health conditions of any group member who is under 18 travelling in the United Kingdom or within Europe are automatically covered.

Any group member who is travelling outside Europe, or who is aged 18 or over travelling anywhere, must answer the following questions:

Have you ever been diagnosed with or treated for any of the following?

- | | |
|--|---|
| <ul style="list-style-type: none"> • Heart or circulatory conditions • Strokes or high blood pressure • Breathing/Respiratory conditions (including Asthma) | <ul style="list-style-type: none"> • Cancer (even if now in remission) • Diabetes (including diet controlled) • Irritable bowel disease (such as crohn's, or diverticulitis) |
|--|---|

Are you currently taking any medication? (this will not apply to common colds, flu or contraceptive medication)

Are you waiting for any tests, treatment or a non-routine hospital appointment?

Have you seen a medical professional in the last 2 years?

If the answer is **YES** to any of the above you or the group member must declare them to us; neither you nor the group member can choose what you declare and what you don't.

We need to understand the group member's health as a whole to be able to assess the risk they present in the lead up to their trip and while they are travelling. If any of the above apply to a group member and neither you or the group member declares them, any claim you make whether it is related or not, may only be paid in part or declined altogether.

Similarly, if there is a **CHANGE IN THE GROUP MEMBERS HEALTH BEFORE THEY TRAVEL**, such as new or increased medication, any referral for tests or a specialist appointment, or a new diagnosis/course of treatment, you or the group member must tell us or again any claim you make whether it is related or not, may only be paid in part or declined altogether.

If we feel that anything you or the group member tells us might increase the risk and chance of a claim, we may ask you to pay an additional premium, apply an increased excess, change the policy terms or withdraw cover for that group member altogether.

To declare an existing condition(s) or a change in health please call us on 0203 829 3886 Mon-Fri 8am-8pm, Sat-Sun 9am-5pm

Should a group member's medical situation change before they travel, and we are unable to provide cover, we will allow them to make a claim for cancellation.
